Join us for Remake Learning Days – Northwestern PA!
May 6-16, 2021

Remake Learning Days (RLD) is an innovative learning festival for families and youth! Taking root in 17+ regions, these hands-on and engaging events are designed for kids of all ages at libraries, schools, tech centers, museums, play spaces, community centers and more.

Participate as an Event Host!
Remake Learning Days would not be a success without event hosts like you. Here is a quick guide on how you can be a part of this national festival. Thank you for your interest.

Submitting Your Event:

- Submit your event to www.remakelearningdays.org by February 26, 2021, to be included in RLD marketing materials.
- Your family-engaged learning event can be any one of these learning themes (or highlight multiple learning themes): arts, maker, outdoor learning, science, tech, and youth voice

- Events can be for any age group – the festival reaches youth from age pre-K through high school. The goal is to create an experience where parents and caregivers can learn alongside their kids.
- **Tip:** You do not have to create a new event! Your event can be one that your organization is already planning to do. You simply need to schedule it during the RLD-NWPA festival dates of May 6-16.

Promoting Your Event:

- Once your event is submitted, the regional organizers (IU 4, 5, 6, 9, 28) will publish your event to the RLD website and families can search the calendar of events.
- Each region will implement a family outreach and PR plan to promote the festival, but we also need your help as event hosts in reaching your network and families. From the national team to the local event hosts, we work together to collectively celebrate all the events happening in your region.
- You will receive a social media toolkit so we can keep track and share with you a summary of the social media activity in your region. Make sure to use the national hashtag #RemakeDays or your regional hashtag #RemakeDaysNWPA.
